Description:

NEW YORK TIMES BESTSELLER

Donald Trump's victory in the 2016 election was more than a historic upset. It was the beginning of a major political, economic, and social revolution that will change America and the world.

One of the nation's foremost conservative commentators, *New York Times* bestselling author, and a mentor to many of Donald Trump's key advisers, David Horowitz presents a White House battle plan to halt the Democrats' march to extinguish the values America holds dear.

Big Agenda details President Trump's likely moves, including his:

- First wave of executive orders □ restoring Guantanamo, Keystone XL, nixing amnesty
- Surprising judicial appointments □ Supreme Court and the federal judiciary
- Radical changes to federal rules & regulations □ Obamacare, EPA overreach, and a New Deal for black America

With the White House and Senate in GOP hands, and a Supreme Court soon to follow, President Trump will have a greater opportunity than even Ronald Reagan had to reshape the American political landscape while securing the nation's vital security interests abroad.

□No president since FDR and his famed □100 Days' has the chance Donald Trump has," Horowitz argues.

But he writes that the GOP and Trump must recognize they are not fighting policy ideas, but an ideology □ a progressive one with a radical agenda to stop Trump in an effort to reduce America's power and greatness.

Big Agenda is a rallying cry and indispensable guide for how to claim ultimate victory for the conservative cause.

Horowitz writes, □One battle is over, but there are many more to come. This book is a guide to fighting the opponents of the conservative restoration. It identifies who the adversaries are □ their methods and their motivations.

It describes their agenda □ not merely the particular issues with which they advance their goal, but the destructive goal itself. And it lays out a strategy that can defeat them."
