Description:

From Readers who don't know *Donnie Brasco*, either the book or the movie, which detailed how young Pistone managed to float in the sewer of Mafia scum, won't get what *Unfinished Business* is all about. But those who remember *rasco* will be eager to know the rest of the story, 20 years after Pistone/Brasco recounted how he infiltrated the New York Mafia and how his testimony led to a series of investigations that emasculated the five New York families. The rationalization for this follow-up volume is that, now that the trials have come to fruition, Pistone can tell *more* about how he worked undercover and how he testified. There's a great deal of filler here (we don't really need to know about what a nice guy Johnny Depp was on the set of the movie *Donnie Brasco*), but there is also enough deep background about working undercover, enough truly hair-raising reminiscences of close calls, and enough reflection on how far an undercover agent submerges himself before losing a moral compass to make this worthwhile reading--providing you're a fan of the first *Donnie Brasco*.

Connie Fletcher

Review "Unfinished Business is a better read than most crime novels simply because it's true."
Sunday Business Post"
