Description:

In *Professional Communication in Speech-Language Pathology: How to Write, Talk, and Act Like a Clinician, Third Edition*, the authors introduce student clinicians to the various types of written and

verbal communication they will encounter across three different clinical settings: university clinics, medical settings, and public schools. The text is written in a student-friendly manner, with appendices that provide examples of correspondence, diagnostic and treatment reports, data sheets and important acronyms in medical and school settings. Chapters cover verbal interactions with families, allied professionals, and supervisors, and written communication across the university, medical and school settings.
