- Governmental support for religious institutions and religious autonomy rights of individuals in public institutions
- Nondiscrimination and affirmative action in employment, admissions, and financial aid

Each chapter is introduced with an overview of key terms and ideas the students will encounter. In addition, the book includes a general introduction to the study of higher education law, a glossary of key legal terms, and appendices for non-law students on the American court system and on how to read court opinions.

The authors have also prepared a volume of teaching materials keyed to the *Student Version*, available from the National Association of College and University Attorneys (NACUA). In addition, the authors will periodically update the *Student Version* by posting recent developments on a Web site hosted by NACUA.
